

ALERT Education

Australian Lymphoedema Education Research and Treatment Program

2023 ALERT TRAINING PROGRAMS - New Zealand

Lymphoedema Accreditation Training Program

Our ALERT Lymphoedema accreditation training includes a mixed-methods approach of lymphoedema education incorporating:

Foundation units

- LYMP8001 Principles of Lymphoedema Management
- LYMP8002 Contemporary Evidence in Lymphoedema Management

Regional units

- LYMP8003 Lymphoedema Practice for the Upper Limb & Breast
- LYMP8004 Lymphoedema practice for the Lower Limb & Genital Region

The two foundational units (LYMP8001 & LYMP8002) will be delivered via online learning.

The two regional units will be delivered via a combination of online learning and face-to-face practical learning and assessment.

15-18 May 2023 Face-to-face practical learning and assessment

Location Auckland

Lymphoedema Practice for the Head and Neck Region

This hybrid standalone unit for Accredited Lymphoedema Therapists and/or Speech Pathologists incorporates online learning and face-to-face practical learning, including case studies and assessment.

17-18 May 2023 Face-to-face practical learning and assessment

Location Auckland
