

ALERT Education

Australian Lymphoedema Education Research and Treatment Program

LYMPHOEDEMA ACCREDITATION TRAINING PROGRAM 2022 NEW ZEALAND

Our ALERT Lymphoedema accreditation training includes a mixed-methods approach of lymphoedema education incorporating:

Foundational units

- LYMP8001 | Principles of Lymphoedema Management
- LYMP8002 | Contemporary Evidence in Lymphoedema Management

Regional units

- LYMP8003 | Lymphoedema Practice for the Upper Limb, Breast and Trunk
- LYMP8004 | Lymphoedema practice for the Lower Limb, Genital and Abdomen Region

The two foundational units (LYMP8001 and LYMP8002) will be delivered via online learning. The two regional units will be delivered via a combination of online learning and 2 days each of face-to-face practical learning for LYMP8003 and LYMP8004.

All units must be successfully completed prior to attending the face-to-face practical learning.

In conjunction with Yvonne Ferguson (Lymphoedema Consulting and Training) we are delighted to offer the following training program:

- 29 March-1 April: Face-to-face practical learning
Venue: Hotel Nelson, Nelson, South Island
To register: mqhealth.org.au/alerteducation
Enquiries: alerteducation@mq.edu.au
